

Andrew Fletcher

I am married to Eden from Lebak, Sultan Kudarat, Mindanao.

I am the Football Coordinator for the Philippine Australian Sports & Culture Inc. (PASCI)

In 2009 Eden & I started the first Football Club in Lebak; Lebak FC.

I have been able to provide the club with football uniforms, balls, coaching & training equipment & in 2012 we built their first full size goals & football field.

After three years Lebak FC won the provincial championship!

We also support the Sultan Kudarat Football Association with various uniforms & equipment.

In Manila, we support the football club of Fair Play for All Foundation, Payatas FC, located at the dumpsite of Payatas.

This is helping the street kids of Payatas enjoy football.

In addition we support children of Kasiglahan Football United & Feet 4 hope foundations.

We are able to support these groups & children through the kindness of the PASCI's sponsorship & support with Forex who kindly supply the boxes to send football items to the various areas above.

In addition, many football clubs in Sydney have donated uniforms, boots, shinpads etc along with Team Rhino who have also given the groups large quantities of uniforms & equipment.

In August 2013, Leigh Gunn & I met through mutual Filipino football friends.

We both had the same aims, wishes for Filipino Football:

To give Aussie Filipinos the opportunity to trial for Philippines Azkals National Teams & also for the United Football League the Philippines own professional league in Manila.

The AZKALROOS were born & our first initiative was *The Azkalroos Football Pathway Forum* on October 7th at the Filipino Fiesta Kultura at Fairfield Showgrounds
