

BARBER GARDEN

Open Gardens Australia invites you to visit this tranquil and private garden, redesigned ten years ago using a palette of hardy plants.

Well established trees shelter hedged rooms enclosing a gazebo, water feature and a Japanese-influenced raked pebble garden.

Shade lovers include ferns, azaleas, camellias and rhododendrons, while succulents, conifers and other hardy plants thrive in sunny areas.

- MORNING AND AFTERNOON TEAS
- PROCEEDS TO THE GAWADKALINGA ORGANISATION IN THE PHILIPPINES providing low cost housing to disadvantaged families)
